

To the patients and families of our North Scottsdale Pediatric family,

As you know, we have always been a practice who strives for excellence and commitment to provide our patients with the best care possible. We have always taken pride of the fact we have stayed at the current edge of medicine in every way.

We are excited to announce that we are joining forces with some of the best pediatric practices to form the first collaboration of pediatricians in the Valley whose mission is to preserve the high-quality care found in private practice, which we think you deserve. Papago Buttes Pediatrics, Scottsdale Children's Group, and Southwest Pediatrics will join us in creating this new entity called Arbor Medical Partners. Although we will be a part of a bigger group, you are still a patient of North Scottsdale Pediatrics and will see your same doctors at our same offices.

This is our collective mission:

"Arbor Medical Partners is a collaborative group of highly experienced pediatricians who, together, provide our community the best pediatric healthcare in a private practice setting. It is our mission to be your medical home by delivering innovative, compassionate, quality care that is personalized to your family and child, from birth to young adulthood."

So, along the way, you may see the name Arbor Medical Partners on bills or literature but just remember, it's still us!

***In the meantime, you may be receiving letters from your insurance carrier stating that North Scottsdale Pediatrics and their providers are no longer contracted providers, but this is not true. All our providers will remain contracted but under the name of Arbor Medical Partners. We will still be here for you!

Thank you,

The Doctors and Staff of North Scottsdale Pediatrics
