

**We Are Still Here For You!**  
**In person and through Telemedicine**

The providers and staff at North Scottsdale Pediatrics want you to know we are still here for you during these trying times. Although it is safest for everyone to stay at home and continue social distancing, we want to be sure our patients have access and are still receiving the best of care when needed.

Until the pandemic subsides we recommend:

- **Continue well care for children under 5 years old.** It is important to stay current on immunizations. We are putting our children at risk for other diseases if we fall behind on shots. Our well appointments are at our Ironwood location and we have expanded our waiting area for well visits to accommodate social distancing. Scheduling on line is still available for well appointments.
- **Sick visits offered at our Deer Valley location by calling us at 480-860-8488.** For minor illnesses, it's still best to stay home and treat the symptoms. For other illnesses please call to make an appointment. We are here to see you and would advise reserving the ER or urgent care centers for the sickest of patients. We remain open Saturday mornings for sick visits at our Deer Valley location
- **Telemedicine Visits available for certain situations.** Please call us to schedule your appointment through telemedicine for med checks, behavioral issues, mental health issues, any triage questions about illnesses, some minor illnesses may be treated through telemedicine. Telemedicine is not a substitute for in person visit in many circumstances. In general, if you need an examination or test it is best to come in the office.
- **Social Workers available for support and counseling.** We know our patients and families are going through stressful times and it may be a scary time for our patients who may not understand what's going on. Our wonderful team of behavioral health providers are here for you. During business hours you can call:  
Amy Schimmel, LCSW 480-524-0572  
Lauren Chatellier, LMSW 480-382-4798

If you are a patient of one of our other Arbor locations: Papago Buttes Pediatrics, Scottsdale Children's Group, Arbor Pediatrics Gilbert, or Southwest Pediatrics, Telemedicine visits and in person visits available at all locations. Please call their office to schedule.
